NOVEMBER 2007

Sherman Gardens By Dave Teuschler

Our October meeting was held at Sherman Gardens in Corona del Mar. It was nice to be at the coast, but we were still suffering from the smoke and ash from the southern California fire storms. We had planned to have our meeting out doors near the reflecting pool but had to move inside due to the amount of ash that was falling.

the audience.

Sherman Library & Gardens is a 2.2 acre Corona del Mar horticultural retreat. The Gardens provide a museum of living plants, displayed amidst a setting of immaculate gardens, patios and conservatories linked together by wide brick walkways, beds blooming with seasonal

Our thoughts and prayers go out to those people who lost homes or loved ones or both during this tragic event.

Our guest speaker was Dean Kaese of Rubbersidewalks, Inc. His presentation was extremely informative and he did a great job of fielding difficult questions from

flowers and bubbling tile fountains. The Library is a specialized research center devoted to the study of the Pacific Southwest.

In 1955 Arnold D. Haskell (1895-1977) bought the Norman's Nursery property at the corner of Dahlia Avenue and Pacific Coast

Are YOU An Active Member?

Are you an active member?

The kind that would be missed

Or are you just contented

That your name is on the list.

Do you attend the meetings

And mingle with the flock?

Or do you stay at home

And criticize and knock.

Do you take an active part

To help the work along?

Or are you satisfied to be

The kind that just belong.

Do you push the cause along

And make things sort of click?

Or leave the work to just a few

And talk about the clique.

There's quite a program scheduled

That you must have heard about.

And we'll appreciate if you

Will come and help us out.

So come to meetings often

And help with hand and heart.

Don't just be a member

But take an active part.

Think this over, all my friends

You know the right from wrong.

Are you an active member

Or do you just belong????

Adapted from Arthur I. Fischer

More Sherman Gardens

Highway in Corona del Mar, California. The property included a small adobe house that he planned to use as his Orange County office. Shortly after occupying the adobe Mr. Haskell began landscaping the nursery site and the surrounding property.

By 1958 the nursery area, now known as The Tea Garden, was being used as a community service project by the Newport Harbor Service League (later to become the Junior League of Orange County) for the sale of pastries, coffee and tea.

Mr. Haskell's concept for the property was then expanded to include the building of a beautiful garden that would be open to the public. It was to be a serene oasis - a respite from the stress and pressures of daily schedules.

During the 1960s the balance of the property making up the entire 2.2-acre block, which is now occupied by Sherman Library & Gardens, was acquired. Remodeling of the original buildings, consisting of the present gift shop, Gardens office and the adobe house, and construction of the Library, conservatory and central patio building were all completed between 1967 and 1974.
