

# Street Tree Seminar, Inc.

P.O. Box 6415 Anaheim, CA 92816-6415

## Be a part of our Scholarship Fund – Become a Sponsor

Did you know that Street Tree Seminar (STS) has a scholarship program? Each year STS awards monetary scholarships to several college students studying in the field of horticulture or arboriculture. The main goal of this scholarship is to see more active college graduates entering the industry.

Applications are sent to local colleges and students are interviewed by a panel. The recipients are awarded at our December luncheon and are given one year's free membership in STS, a free registration to our Winter Western Tree Management Symposium, a copy of our book, *Street Trees Recommended for Southern California*, and their monetary award.

This program allows us both to support the next generation of green industry professionals in their education, and to mentor and introduce them to our network of members. We are fortunate to have had several former scholarship awardees continue with our organization through the years and help improve not only STS but the urban and community forests in Southern California.

This program is only possible through raffle sales at our monthly meetings, and donations from generous members like you. If you would like to make a donation to our scholarship fund, fill out the form below and mail to Street Tree Seminar, Inc; P.O. Box 6415, Anaheim, CA 92816-6415 :or you can call to make a donation by credit card over the phone: 714-639-6516.

Donors will be recognized at our December luncheon when checks are presented to the students. Donations of any amount will be recognized in the newsletter.

**Yes! We'd love to invest in a student's future.**

**STREET TREE SEMINAR** has been instrumental in the development, health, care and management of street trees in Southern California for over 40 years.

**STREET TREE SEMINAR** is comprised of Street Tree Superintendents, supervising personnel, professional consultants, arborists and persons and firms whose businesses are related to street tree management.

**STREET TREE** problems within your own city can be brought to an open forum on a monthly basis to assist you in timely information that could save your city thousands of dollars and salvage beautiful irreplaceable street trees.
